Dr. Rainer EXI Hoenle  
IPC Delegate Germany

Motion to reduce the sanction fee for competitions.

1. By cutting the expenses of IPC in general  
As an example. The IPC Treasurer states a deficit per year of about 8000 to 9000 Euros. This is about the amount it costs to have the mid-term-meeting of the IPC Bureau to meet in different locations around the world  
So far, the meetings have not shown an effect on the attendance nor on the quality of the competitions.  
Both criteria were better before and did not improve with more discussions and paperwork.
2. IPC holds assets of around 100000 Euros since more then a decade without having been needed so far.

For the purpose of not needing such an amount of money degrading in value over the years,

I propose to use 15 000 Euros per year for 5 years and reduce the sanction fee per competitor accordingly.

The finance working group will be able to calculate the appropriate amount.

After 5 years, there will still be 25000 Euros for IPC and a purpose has not even determined for this amount to be spent to promote the sport.

Dr. Rainer EXI Hoenle
