Subject: WPCs in Croatia

The Jury sent their final report to the FAI General Secretary as per the Jury Members' Handbook but did not send a report to the IPC Bureau as per SC 4.7.2(4). This e-mail remedies this omission.

Please note that the Croatian organisers satisfactorily completed their contractual commitments regarding the organisation of this competition. There was an initial problem regarding the aircraft as the organisers were not able to provide MI8's for all the planned events, the Jury took a decision to allow them to use another aircraft but only after one training jump was carried out by each team in each of the CF disciplines.
